

Support from District and County is vital and government ministers need to be lobbied and brought on side. Suggested that Leiston School pyramid catchment area be used as the outer limits of the joint group – any wider and there would be different priorities.(other than main highway links)

The influx of construction workers will require more school places – more training to prepare for specialist jobs.

It was suggested that a group from the joint Council visit Cumberland in the near future to see how the community contract has engaged with local Councils.

The group should not let British Energy , District Council or County Council direct our thinking.

It was agreed that the group should write a simple constitution and appoint a Chairman and Secretary.

All representatives to report back to their parishes and produce a wish list to enable the group to get a consensus of the main priorities.

- (a) Check with your own Councils
- (b) Note aims and objectives and set boundaries
- (c) All parishes who wish should be involved
- (d) Parishes not already aware of the group should be contacted

The representatives present expressed thanks to Middleton for organising the meeting.

Note: next meeting Wednesday 11th March at 7.30 Middleton Village Hall
